When you are ready to pre-register for **On-Line Services** please bring the following documents to the Practice with you and report to Reception:-

- Two separate forms of identification, including one form of photo ID and one form of additional ID which details your full name and home postal address. Copies of these documents will be taken and held securely in your medical record.

We will then issue you with a unique registration letter which includes your log-in details, PIN number and instructions on how to access **On-Line Services**.
