Dear Colleague

2008 Flu Vaccination Clinic – Saturday 18 October 2008

Please could you promote the following event on our behalf.

The Jenner Health Centre will be running its annual Flu Vaccination Clinic on Saturday 18 October 2008. The Clinic will start at 09:00am and will run through to 11:30am and is open to all patients who are registered with the Practice. The Clinic operates on a “walk-in” basis, so you do not need to make an appointment.

Annual Flu Vaccinations are recommended for all patients who are 65 years of age or over and for any patients who suffer from a chronic disease. This includes patients who have a respiratory disease (including Asthma), heart disease, renal problems, liver disease, Diabetes or a neurological disease such as a stroke. Any patients who are receiving treatment for a condition which suppresses their immune system are also invited to attend together with any patients who act as the main carer for an elderly or disabled person.

I hope that the above is of assistance. If you require any further information please do not hesitate to contact me.

Simon Stitson
Practice Manager
