### **2007 Flu Vaccination Clinic – Saturday 20 October 2007**

The Jenner Health Centre will be running its annual Flu Vaccination Clinic on Saturday 20 October 2007. The Clinic will start at 09:00am and will run through to midday and is open to all patients who are registered with the Practice. The Clinic operates on a “walk-in” basis, so you do not need to make an appointment.

Annual Flu Vaccinations are recommended for all patients who are 65 years of age or over and for any patients who suffer from a chronic disease. This includes patients who have a respiratory disease (including Asthma), heart disease, renal problems, liver disease, Diabetes or a neurological disease such as a stroke. Any patients who are receiving treatment for a condition which suppresses their immune system are also invited to attend together with any patients who act as the main carer for an elderly or disabled person.

Vaccinations against Pneumonia will also be available for any persons attending the Clinic who have not received this vaccination before.
